Q2 HŌ'IKE

Washington All-Stars hosted their 2nd Annual Cultural Potluck for Hō'ike. Families were encouraged to bring a dish (entree, dessert, or beverage) that represents their culture as a way to share different cultures through the love of food.

LSA PROJECT: CAMPUS BEAUTIFICATION

ASAS Hawaii's Life Service Action project for the month was Campus Beautification. All-Stars used this opportunity to pick up trash and recyclables on their school campus. Taking pride in their environment and serving their school community was very satisfying.

SPIRIT WEEK

Washington All-Stars students and staff celebrated the last week of school by dressing up each day with a different theme. From Pajama Day and Opposite Day, when students dressed as teachers and teachers dressed as students, to Your Type Day, Little You Day, and finally, Your Favorite Color Day, the week was filled with fun, creativity, and school spirit.

Q2 INCENTIVE TREAT

Washington All-Stars students who demonstrated good grades, positive behavior, and at least 80% attendance earned a root beer float as a special reward. Incentives like these encourage All-Stars to stay engaged, show up consistently, and bring a positive attitude each day.

ALA MOANA CENTERSTAGE

For the first time ever, Washington All-Stars dance students took the stage at Ala Moana Center. Hosted by 808BattleGround, the showcase brought together middle and high school dance teams, giving students the opportunity to perform, build confidence, and share their talent alongside peers.

COOKING

Cooking class students added another country to their recipe list, Mexico. It was the program's first time making a delicious drink made of rice and cinnamon called Horchata. The class also challenged themselves to make a strawberry-flavored Horchata.

WASHINGTON MIDDLE AFTER-SCHOOL ALL-STARS DECEMBER 2025

COOKING

Cooking All-Stars made an ono Japanese curry with chicken. They prepped and chopped all the necessary vegetables and chicken. Then they added all the ingredients into a pot with a curry roux and water, and let it boil to completion.

WASHINGTON MIDDLE AFTER-SCHOOL ALL-STARS DECEMBER 2025

SCIENCE

Washington All-Stars student-scientists enjoyed a hands-on lesson in DNA extraction using strawberry applesauce. The activity made learning fun while encouraging curiosity and interest in STEM through real-world science experiences.
