

WAIALUA HIGH & INTERMEDIATE AFTER-SCHOOL ALL-STARS SEPTEMBER 2026

ARTS AND CRAFTS

Waialua All-Stars explore their creativity as they use clay and toothpicks to shape unique figurines. Working with different materials encourages students to experiment with textures, develop fine motor skills, and bring their ideas to life.

ARTS AND CRAFTS

Waialua All-Stars experiment with color and design as they use canvas and tape to create a collaborative painting filled with shapes and patterns. Working together encourages creativity, attention to detail, and an appreciation for how individual ideas can come together in one shared piece of art.

STEAM

Waialua All-Stars explore force and motion by setting up dominoes and watching the chain reaction unfold. Experimenting with spacing, gravity, balance, and placement helps students discover scientific concepts through hands-on problem-solving.

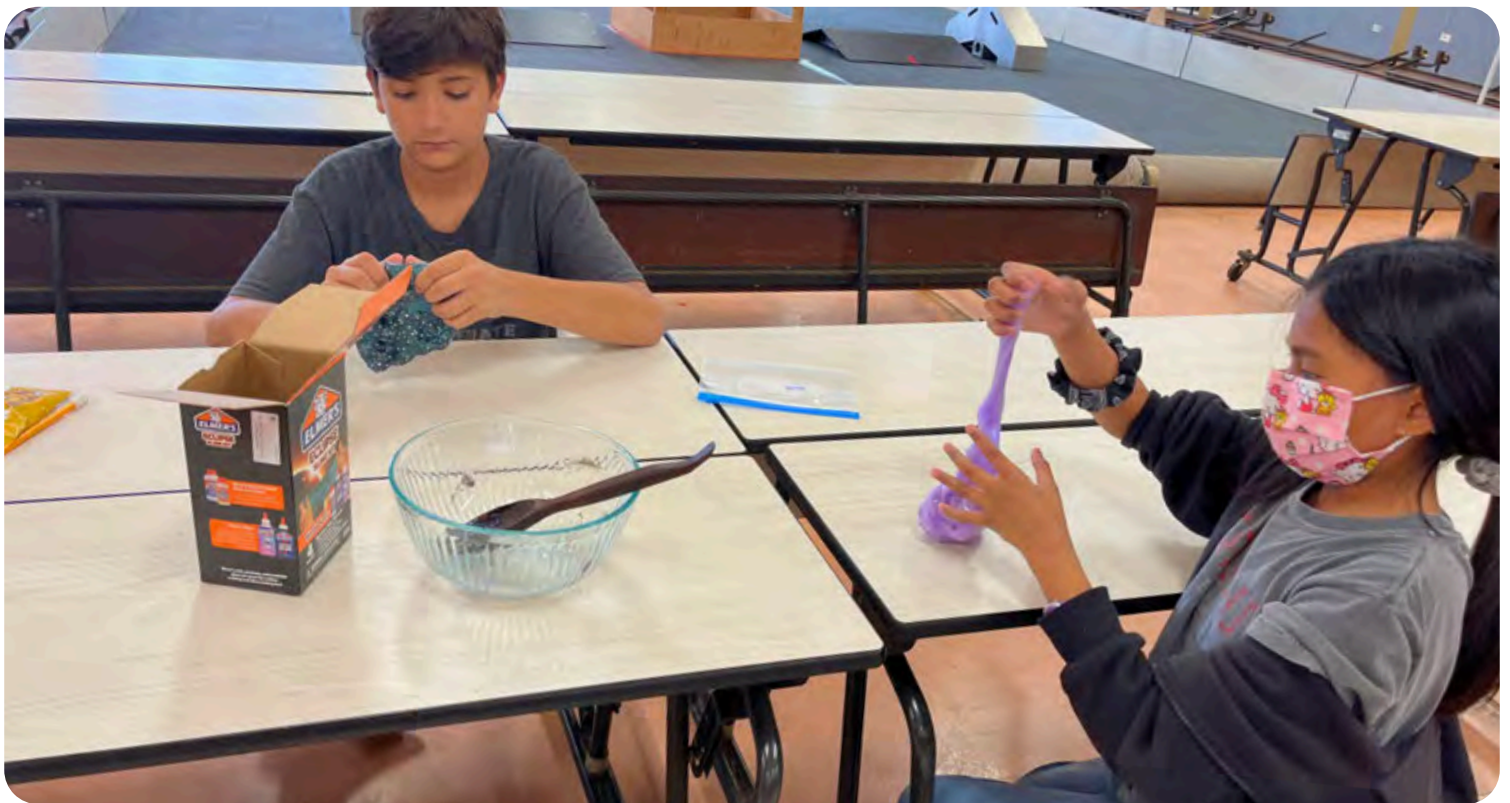

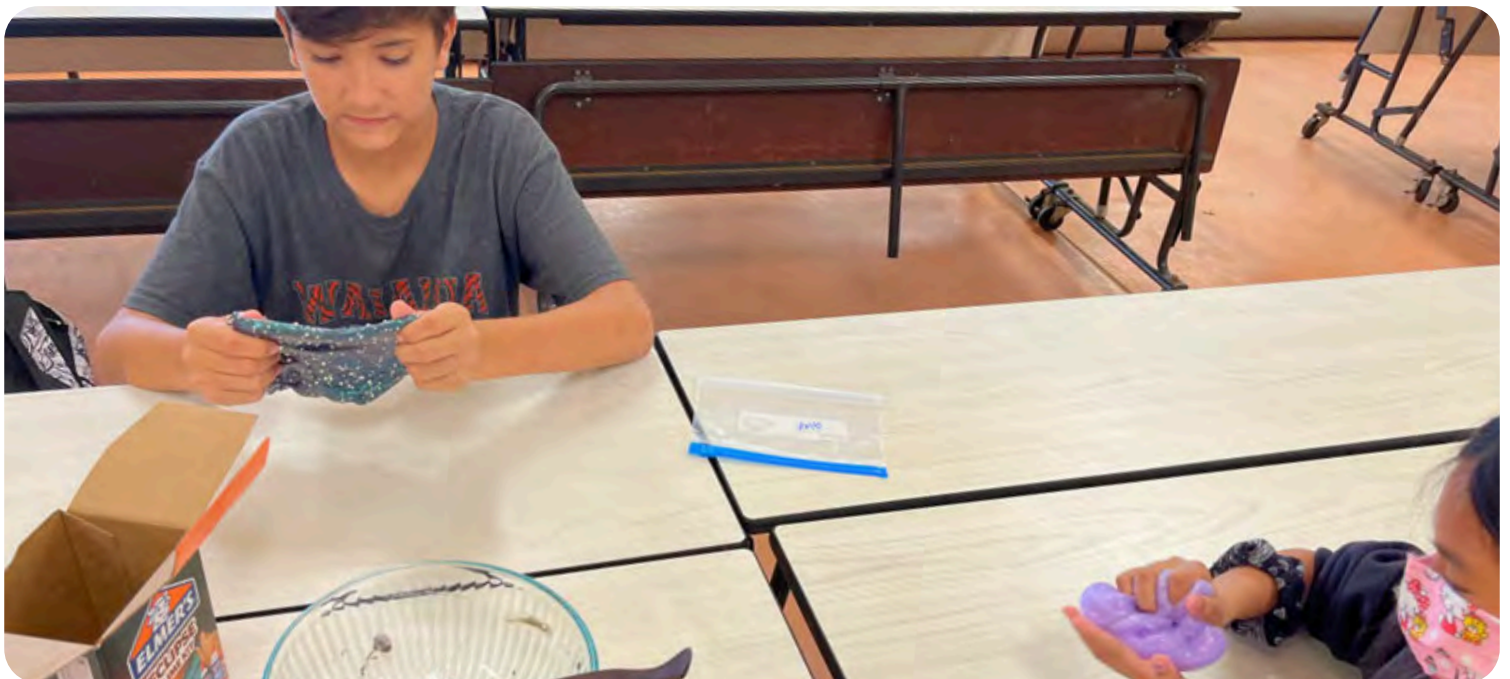

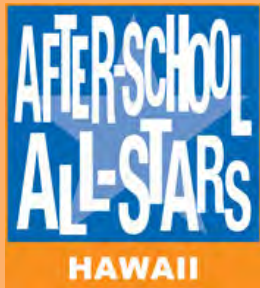

WAIALUA HIGH & INTERMEDIATE AFTER-SCHOOL ALL-STARS SEPTEMBER 2026

STEAM

Waialua All-Stars make their own slime using glitter glue and activator, experimenting with texture and consistency along the way. Mixing ingredients and adjusting their creations encourages curiosity, patience, and hands-on learning through trial and error.

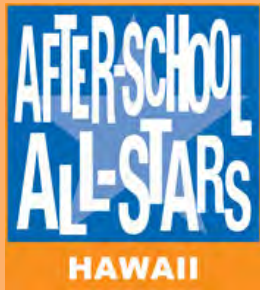

WAIALUA HIGH & INTERMEDIATE AFTER-SCHOOL ALL-STARS SEPTEMBER 2026

STRATEGIC GAMES

Waialua All-Stars practice friendly competition through games like Mario Kart and chess, whether challenging a friend or helping a classmate learn a new strategy. Playing together encourages critical thinking, patience, and good sportsmanship.

COOKING

Waialua All-Stars put together a no-bake chocolate pie while learning how to assemble a simple dessert. Preparing the ingredients and sampling their creations helps students build practical kitchen skills, follow steps carefully, and enjoy the results of their efforts.
